master's  
degree

September 2022 (a.a. 2022/23) will see the launch of a new master's degree in *Urban and Regional Planning and Design* entirely in English, alongside the well-established curriculum in Italian.

The course is inspired by the long-standing Italian tradition of urban and territorial design and looks at future issues related to the planning and design of cities and territories.

The keywords of the course are urban project, regional planning and design, urban bioregion, sustainability, resilience, spatial justice, green transition, collaborative design, beauty, safety and wellbeing.
